

3 hour classes...  
that can be extended to 6 hours

**\*\*\*Side to Side Shaping with Short Rows-**

Learn the pros and cons of knitting side-to-side instead of the traditional bottom-up method. We'll talk about alternate methods of shaping and why short rows are a perfect match. While knitting a miniature sweater, we'll work through the different techniques involved including various ways to do short rows. A 6 hour class will go into the design process in more depth allowing participants to dig in with hands-on designing their own.

**\*\*\*Sleeves Are A Breeze!** - "If only it had sleeves...". It's easy to add sleeves to a vest once you understand the structure of the sleeve. This class will have you thinking sleeves are a breeze from now on. Measuring, calculating increases and decreases will be the emphasis. A 6 hour class will cover other sleeve types and more design aspects.

**Details** - Most classes do not require homework. Only minimal homework is required for those that do. Due to limited space, supplies are not listed here but will be provided upon request. Photos for most classes are also available. In addition, keep in mind that most classes can be tailored to your event or shop in terms of time frames or materials.

The classes provided here are primarily skill building, technique, or project classes. There are also a number of design classes Kennita teaches. Please [contact her](#) if you are interested in these.

Kennita is a teacher, author, and freelance designer with a fine art background, whose work has appeared in every leading US knitting publication. She has also designed for numerous yarn companies. Since closing her yarn shop of 12 years, she currently self-publishes her own pattern line under the name of Wildflower Knits and teaches both across the country and internationally with Trips for Knitters. For the past several years, she has been teaming up with Tahki Stacy Charles and producing new collections each season.

You can learn more about Kennita by visiting [wildflowerknits.com](http://wildflowerknits.com) or following her on the web as wildflowerknits on facebook, twitter, pinterest, and instagram.

### 3 hour classes...

#### Knitting Levels

- \* no skill required
- \*\* beginner
- \*\*\* intermediate
- \*\*\*\* advanced

**\*\*Painting on Knits** - Add color to your knits in a new way! Painting on knits is fun and an easy way to apply color. Try it free form with a brush if you have the artist gene or take the easy way out with stencils. It's great for applying highlight to fairisles and intarsias, too. Materials fee of \$18/student includes paints, brush, and choice of stencil.

**\*\*Stash Busting Stitch Patterns** - Think you just can't possibly buy another skein until you use up your stash? Here's a class that will help you use some up and have you running out for more! Not your usual stash-busting class. This class will not only give you tons of pattern ideas; it's loaded with stitch patterns to try, lots of examples of finished projects, and even a fun "make your own geode" tutorial. Kennita will share several projects from her Stash Busting Collection.

**\*\*Shadow Knitting** - Write a secret message in your knitting! With this easy technique and Kenita's alphabet at your fingertips, you can create a special gift that will wow your friends and family. Get started with a small coaster project, then feel ready to tackle a larger project, like a heart pillow or maybe even a blanket (with that secret message)! Now you see it, now you don't!

**\*\*Take Your Knitting To The Next Level** - Ever wonder about those knitting labels? And where you fit in? Whether you're a beginner, intermediate, or maybe even advanced, chances are you'll learn something new in this class! Loaded with tips and tricks, we'll work through those skill level techniques together and you'll be feeling more confident on your next project.

**\*\*Open It Up!** - Open Work in knits has been crazy popular for a while now. Learn some basic stitch patterns and tips for working with loose, dropped, or fishnet type stitch patterns. Easy enough for the novice knitter, yet enticing enough to keep a more advanced knitter engaged as well.

**\*\*Slide Into Colorful Reverse** - Discover a new way to work reversible stitch patterns in two colors. By combining slipped stitches and altering the direction of knitting, many reversible combinations are possible! This is a little known way of knitting 2 color reversible stitch patterns; perfect for scarves, afghans and shawls.

**\*\*Glorious Garter!** - Sometimes Garter Stitch gets a bad rap, but people don't realize the potential such a simple stitch has. When working only the knit stitch so many variations are possible. Even if you've just learned to knit you can wow all your friends with these simple stitch patterns and they'll think you've been knitting forever! We'll build from the basics and move on from simple stripes to slip stitch, lace and openwork and more! Each technique is designed to build upon the last one learned.

**\*\*\*Loosen Up With Asymmetry** - You know asymmetry is hot! It's all over the runways in one form or another. It's time to free yourself from the box! Learn to spice it up with short rows, color changes, hem-length variations, and so much more. Get skewed with asymmetry! We'll do some serious brainstorming on all the ways we can add asymmetry to our knits, then you'll have the chance to come up with some creations of your own! This class will explore some basic techniques to make it easy for you to challenge yourself to new levels. Learn to play with color sequences, patterning changes, ruffles, even pleats to skew your knit!

**\*\*\*Short Rows 4 Ways Cowl** - In this class learn four short-row techniques (and learn which one you love the most!). Wrap and turn, Japanese, German, and yarn over methods will all be covered while also coming away with a project. By the time the class is over, you should have a beautiful cowl and a better understanding of short-rows. You might even feel like a short-row expert! An added plus: grafting you can remember!

#### Terms

All transportation, lodging, and meals to be provided by the hosting shop or organization. Willing to stay in a private non-smoking home in place of hotel. Teaching fees are \$395/day or 6 hours.
